Details

Parameters

Model	Size	Voltage	Power	Capacity	Weight	Coverage	Noise
AS-F-Air	106.6*106.6*550mm	DC 12V	12W	500ML	3.2KG	2000m ³	≤45dba

Designed Technology

AS-F-Air utilizes two fluid nebulization, therefore the clients can adjust the working time and fragrance intensity remotely. It adopts floor-standing design which is quite user-friendly and convenient. The oil level can be also detected by the internal infrared technology. Luxurious floor-standing design complements any interior. Let's create the natural environment with pure scent together.

Application

Home, office, bedroom, brand shops etc small areas.
